SUCCESS WORKS

AT THE COLLEGE OF LETTERS & SCIENCE

You don’t have to plan your whole career. Let’s start with what’s next for you.
SuccessWorks is your home for exploring interests, connecting with others who share your passions and preparing for success after graduation. Visit us on the 3rd floor of the Book Store!

EXPLORE YOUR PASSIONS
Your major puts you on the path to success for any field or industry. We’ll help you build on your academic strengths and interests to explore the huge world of possibilities.

MAKE CONNECTIONS
There are over 200,000 L&S alumni. That’s a huge professional network ready to share their wisdom and open doors of opportunity for you. We’ll get you connected.

BUILD EXPERIENCE
Nothing beats hands-on experience. Workshops, excursions and mentorships help you “try out” different occupations so you’re ready for the real deal at graduation. Internships? We’ll help you with those, too.

GET HIRED
Employers think the world of L&S grads. We’re all about getting you hired in a position you love. When it’s time, we’ll help you connect with employers online and in person.

Madison Made. World Ready.
